

UAL Level 3 Diploma and Extended Diploma in Creative Media Production and Technology

Study Mode: Full Time

Is this course right for me?

Want to work in the TV, film or media industry? We have the course to start you on the first steps to your media career. Our UAL Level 3 Diploma and Extended Diploma in Creative Media Production and Technology will teach you the practical skills and media knowledge that will allow you to thrive in the media industries and be highly employable in the modern media workplace. The media industry today is changing at rates faster than ever before and our UAL Level 3 Diploma and Extended Diploma in Creative Media Production and Technology course focuses on ensuring you are prepared for an industry that requires multi-talented people by training you in a range of media disciplines. You will begin your first year of study on the diploma and then once successfully completed you will progress to your second year on the extended diploma, which is equivalent to three A Levels. This is a practical, work-related course and you will learn by completing projects and assignments that are based on realistic workplace situations, activities and demands. As well as learning about the employment area you have chosen, you will develop the skills you need to start your career. You will work in all studio programme production roles and learn location shooting, editing and pre-production management. Some aspects of the course will look at understanding programme content and style, genre, mass communication, representations, audiences and institutions. Close attention is paid to current affairs, documentary drama, advertising and commercial video. Our creative arts courses have been named the best in the country and earned the college a prestigious national award. We have been named Training Provider of the Year at the Creative and Cultural Skills Awards 2019! Our creative arts department is forward thinking, innovative, committed and that's why we have been nationally recognised.
